 Cover of a Thomas Pynchon novel

In the spirit of social networking/research interaction, I have established a Zotero group for researchers working in my field; the novels of Thomas Pynchon. The site is here: http://www.zotero.org/groups/thomas_pynchon If you haven't used Zotero before, it's the ultimate open-source, freely available citation tool. It will do all the hard work of formatting your citations and even share them across multiple computers. It works with OpenOffice and MS Word, so you are well catered for. Feel free to add to the list of works; I will certainly be updating it as I work.

References

This reference list has been generated, in many cases, through an automated process and may therefore contain errors or incomplete metadata. It is provided purely as assistance for finding the items mentioned within this post.
